Build Your **Dream Home**
by making it a **Smart Home**
Thasmai Home Automation Brochure

Making your home work for you. **Automatically...**

Imagine a home that could think, respond and interact with you. A home which can take care of itself giving you complete peace of mind. It remembers to lock itself at 10 p.m. Shades which automatically close once the sun hits. A home theatre setup, that takes care of light, sound and picture. Now you can have more time for yourself, for the things you love to do. Everything works together the way you want it. Life is better with a little more control and all operations of your home at your fingertips.

Thasmai Home Automation

Thasmai Smart Homes - A Perfect Dreamhome

Live a king's life in your dream home with the state of art **Safety and Security** equipment protecting as a fort to your dream home.

Lights curtains and other electronic equipment understand your present state of mind and set moods accordingly. **Comfort** derived from technology reiterates that your home is your dream home.

Knowing your car, gate opens automatically. Seeing your children returning back from school, your wife can open the door lock by push of button from a monitor placed in kitchen. What a way to redefine **Convenience** at your dream home.

Control light, screen, audio and video of your home theatre all in a touch of a single button from your smart phone. Lead a **Luxury** life with technology enabled **Lifestyle**.

Your home lights are intelligent enough to sense you presence and absence. They switch on and off accordingly. Your dream home contributes to nature by **saving energy**.

These smart features added to your home will ensure that you live in your dream home. Smart home will be healthy for occupants, efficient for owners and good for earth.

Scale Upto to Future - Scale Upto Smart Home

Present day a phone is no more just a phone. It's a smart phone.

In future, a home won't just be a home; it will be a smart home. Hence, ensure your dream home is future ready. Your phone today is your "Life Companion" and so we have integrated that companion with your dream home. Every day we advance towards something new, something Smarter. So we ensure your Dream Home always remain Smart.

An application will control all the electrical and electronic gadgets of your home. Your home is well networked, intelligent, sensitive and adaptable. Your home is at your fingertips. Your home is future proof.

Future has already begun. Scale upto future, scale upto a smart home.

Safety and Security solutions for your house

Safety and Security is one of the major concerns. With Thasmai's security system, you can relax and let our security system take care of your home security.

CCTV System

CCTV system gets integrated with our controller from which we can monitor persons entering and leaving the premises. With the rapid movement of cameras the entire perimeter can be protected. You can monitor your entire area anytime, anywhere, from your mobile device. This would supplement manned guarding and make security more efficient.

Burglary System

Your dream house is a fortress with our burglary system integrated. The special feature of our burglary system is that you can view your whole house as a floor plan and check if all doors are closed or protected.

You will be notified about the intrusion on your mobile device with the Security App on your phone. The authorities can be easily alerted, which can prevent further damage. No matter where you are, you will have full control over your home.

Video Door Phone

Video door phone allows you to have a look at the person in front of the door and talk to them. The person outside won't know that you are able to see their video. You may also let the visitor in, with the electronically operated lock.

Light/Curtain and Appliance Automation

As per your mood, Indulge in sheer luxury and create your home environment with our light and curtain control.

Good Morning

Wake up to a soothing music with the right temperature, when the curtains open to bring in the morning sunlight streaks.

Welcome Home

Let your home welcome you with an amazing combination of mood lights, which will just make you feel 'there is no place like home'

Movie Time

Catch upon a blockbuster as the curtains closes and the lights dims enough for your vision, yet not disturbing you movie.

Family Time

Get together with your family. Curtain will close automatically and light will adjust accordingly, setting up a good family time.

Party Time

Party on your mind? Let your house set the mood and play the grooves.
